

GOV. ROOSEVELT WILL ACCEPT SECOND PLACE

Platt and Quay Stampede the Republicans at Philadelphia.

FORCE HIM TO TAKE IT

Lodge Declares for Rough Rider While Dolliver and Long Await Developments.

HANNA'S PLANS "GANG AGLEE"

Philadelphia, June 18.—[Special Telegram]—Senator Thurston of Nebraska, is authority for the statement that Gov. Roosevelt of New York will accept the nomination for vice president.

Unless some means be found to stop the present tide of sentiment, Gov. Roosevelt of New York will be named as the republican candidate for vice president. Already McKinley-Roosevelt buttons have made their appearance and are being worn by the delegates and others from every section of the country, including New York.

Platt Says Its Roosevelt

Senator Platt this morning said: "It looks to me very much as though Roosevelt would be nominated. I don't think the governor would be foolish enough to decline the nomination practically unanimously tendered."

Sentiment everywhere favors the Rough Rider. Senator Depew says it will not take more than one ballot.

While Illinois came to Philadelphia partial to Dolliver, Mason says Roosevelt is satisfactory.

At noon Chairman Hanna emerged from the Hotel Walton after a two hours' conference with Roosevelt. "Roosevelt has not changed his original plan," said Hanna, who then went to his quarters and conferred with Bliss.

Bliss says for the hundredth time that he hopes the right man will be found for the place and that he will not be asked to serve. He would not say that he would decline if nominated.

Hanna Approves Rough Rider

Representative Taylor, who comes from the Canton district in Ohio, a close friend of President McKinley, said: "It is McKinley and Roosevelt. I think it is settled definitely and it meets with the approval of Hanna."

The Long men have given up the fight. It was announced at eleven o'clock today and the buttons were taken from the coat lapsels. It is said at the Walton that Long would throw his strength to Roosevelt. However, Long will get a number of complimentary votes despite the disintegration of his forces.

Shortly before noon Roosevelt received a big delegation of newspaper men. He shook hands all around and anticipated their questions with "Glad to see you all, but have nothing to say." On being pressed he hesitated and again declined to talk.

Democrats Will Do Ditto.

Simultaneously with the conviction that Roosevelt will be forced into the race, comes the prediction among the politicians that the democrats will follow suit and name a military hero to run with Bryan. Schley, Lee, Gordon and Wheeler's names are suggested.

Foraker will place McKinley in nomination, as neither Allison nor Dolliver are delegates.

Alabama's headquarters at the Continental has assumed importance the past few days by reason of the fact that the state is first on the roll call for the nomination. Both the Roosevelt and Woodruff boomers have been fishing to have them start the ball rolling in their direction.

FOR MCKINLEY AND ROOSEVELT

It Is Believed Teddy Will Be Compelled To Accept

Philadelphia, Pa., June 18.—McKinley and Roosevelt is the ticket which is written on the wall this morning as the result of a remarkable landslide toward the New York Governor.

Governor Roosevelt came here strong in his desire to decline the second place on the ticket, and he had not been here twenty four hours before a boom in his behalf was developed, which resulted in the extinguishment of all other lesser lights.

In spite of all his declarations for the last month or two, Governor Roosevelt kept quiet during the day, and his closest friends say he will be nominated without a word from him. The delegates and others admit this fact, with the single saving clause that if the administration does not like it the landslide can be checked, but not otherwise.

Hand of Platt and Quay

There is scarcely any doubt of the

fact that this rapid concentration on Roosevelt has been engineered directly by Platt. The New York boss, of course, wants to get rid of the Governor, and can do it in no other way, except by putting him on the national ticket.

Quay is helping along the Roosevelt boom, because of his old time friendship for Platt and because he thinks it will annoy Senator Hanna.

Roosevelt is fully aware of the stampede to him, as the current talk in the lobbies was promptly reported upstairs. Nevertheless, he does nothing. The reason for this is not difficult to find, when one knows that Platt and his fellow leaders have shrewdly persuaded Roosevelt that the administration is opposing him. The result is that the Rough Rider is more of less forced to let things take their course to justify himself.

Lodge Drops Long Boom

Henry Cabot Lodge, who came here to nominate Long, is booming Roosevelt as his personal friend. Delegates from the west and south have caught the infection, and unless there is another rapid change in the situation the leaders of the Rough Riders will be nominated by acclamation on Thursday, just as McKinley will be put on the ticket the day before.

The friends of all other candidates for vice president fully appreciate the situation and are not making any effort whatever to stem the tide, which has so suddenly turned in the Roosevelt direction. Long, Bliss, Dolliver, Fairbanks, Allison, and all other possibilities have been absolutely lost sight of for the time being.

Flocking to Roosevelt

The Roosevelt boom is not merely hotel gossip, as the "tip" seems to have been spread through all the delegations and among some of the strong party leaders. So rapid has the change come that administration leaders seem to be somewhat staggered by it, although they must have anticipated it all along.

Disinterested men from various states freely admit that Roosevelt will bring more strength to the ticket than almost any other man, and hence they are quite willing to see him nominated as a political expediency, if for no other reason.

Dolliver's friends, in particular, have quietly dropped their candidate so long as Roosevelt is in the field, but it is the general belief that if the New York governor manages to arrest the landslide, or if he has that office performed for him by the administration leaders, the trend will undoubtedly be toward Dolliver, who is now said to have the strongest position, aside from Roosevelt.

Will Accept If Drafted

Mr. Roosevelt does not now say he will decline if nominated. He has dropped that. In fact, he will accept if drafted, as every thinking man has all along known he would be compelled to do if the emergency arise—as any man, be he Allison, Bliss or whoever, would be compelled to do.

Now that it is generally known the convention can get the rough rider on its ticket by conscripting him, the danger is great that it will do so. He is the idol of the rank and file of the republican party, that is clear. He is the coming man, that is certain.

Dolliver's Backers Are Solid

There is more substance to the support of Dolliver than to that of any other man talked of for the vice presidency, and his backers are solid men—United States senators and members of the house of representatives. The Iowa delegation is putting in some good work since they arrived last night. Dolliver is here stopping at the house of a friend and made a good speech last night at a dinner at the Union League club.

Payne Is for Roosevelt

Henry C. Payne also expressed himself as believing that there could be no other selection for second place than the governor of New York. When asked what Wisconsin would say on the roll call for vice president Payne said:

"I do not know they are not here yet and they have not caucused. Personally I am for Roosevelt, and am an original Roosevelt man. However, I do not believe that the time has come when the republican party can knock down and drag in a man for vice president. I believe that if Mr. Roosevelt can be induced to accept the honor, no matter how reluctantly, it will be given to him by acclamation. It is the best way I know of to strengthen the ticket, but above all I do not like to be a party to the nomination of a man absolutely against his will."

MRS OTIS H. BRAND DOING GOOD WORK

Writes an Article for the Times-Herald in Addition to Getting Out The Recorder.

The Chicago Times-Herald yesterday published a picture of the Janesville High school, and a lengthy article describing the institution and the work done therein. The article, which was written by Mrs. O. H. Brand, was exceptionally well composed, and thoroughly in keeping with the high standard of the Times-Herald. Mrs. Brand has been doing excellent newspaper work of late. Ever since her husband's illness she has been attending to the local field for The Recorder, and doing it well, too. Few women would be found equal to such an undertaking, but Mrs. Brand appears to "take to the work like a duck to the water."

Mr. and Mrs. J. S. Field welcomed a baby girl to their family circle Saturday morning.

TYPHOON IS RAGING IN THE PHILIPPINES

RAINY SEASON BEGINS AND MAKES CAMPAIGNING HARD.

War on the Islands Was Quieter Than Usual Last Week—Rivers are Flooded and the Telegraph Wires are All Down—Shipping Delayed and Damaged.

Manila, June 18.—With the exception of the gallant fight of General Funston near Pararanda, when the Americans defeated an insurgent band under General Lucena, the campaigning during last week was quieter than usual. This was partly due to the rains, the wet season having commenced.

An official bulletin states that the American losses during the week were four killed and twenty wounded. The rebels lost 120 killed and sixty-three captured, including three officers. One hundred and thirty insurgents surrendered and turned over 150 rifles. In addition twenty-five rifles were captured.

Macabulos, the chief guerrilla in Central Luzon, who surrendered last week to Colonel Liscomb at Jarak, has been chased by the Americans for months. He says he had the hardest time of his life after his pursuit began. He was unable to stay in one place for more than a day or two, and only dared to emerge from his hiding places to fight small detachments.

Thought It Wise to Surrender

The hunt for him finally became so warm that several times he barely escaped capture. Feeling certain that he would eventually be taken prisoner and being tired of his hard life he deemed it the wisest policy to surrender, and in this course he was supported by his officers and men, who came in with him. It is believed that his surrender will influence other bands to give themselves up.

The heavy rains are also disheartening the guerrillas, who are not able to live without shelter and who are unable to move rapidly owing to the condition of the country.

This is the fourth day of the typhoon. Extremely heavy rains are falling in northern and central Luzon. The rivers are flooded and the railroad, where it passes through valleys, is inundated to the depth of half a foot. The telegraph line is down, and in Manila bay shipping has been delayed and damaged.

Commission Divides Its Work

Judge Taft and his colleagues of the civil commission are studying the different legislative phases of the situation preparatory to the work of enacting new laws. Sept. 1, when they assume legislative power. The subjects have been tentatively divided among them as follows: Judge Taft—Crown lands; land titles, the church and the civil service, the last named with a view of bringing from the United States a good class of government employees who shall eventually replace army officers in the civil administration. Luke Wright—Internal improvements, constabulary, commerce, corporation franchises and the criminal code. Henry C. Ide—Banking and currency and the organization of civil courts. Bernard C. Moses—Revenues, taxation and schools.

The commissioners have established offices in the same building with Gen. MacArthur and are receiving, discussing and absorbing the opinions of army and navy men and of foreigners and Filipinos. The people of Manila seem pleased with the democratic course of the commissioners and with their habitually courteous demeanor. The earlier feeling of disappointment is slowly disappearing.

TWENTY-THREE SEAMEN LOST

British Ship Wrecked on the Australian Coast in a Gale.

Vancouver, B. C., June 18.—In inky darkness and during a roaring gale the British ship Sierra Nevada, 1,400 tons, ran upon London Bridge rock, twenty-five miles from Melbourne, Australia. Twenty-three members of the crew were drowned, including Capt. Scott and his mate. Only five men on the vessel were saved. The news of the disaster was received here yesterday in mail advices by the steamer Warimoo.

The disaster occurred under the worst possible conditions. At 2 o'clock on the morning of May 10 the telegraph operator at the quarantine station a mile away from the wreck was roused by the appearance of a seaman, torn, tattered and disheveled. In a dazed manner he told of the wreck. Search was made, and a little further down the shore three other sailors were met with. These got ashore in the lifeboat. The only other survivor was an apprentice who swam ashore in a raging sea. Barely a vestige of the steamer was to be seen a few hours after the accident. The vessel was crushed as if it were an eggshell. It was 112 days out from Liverpool when the wreck occurred.

Quitting Time

G. A. R. ENCAMPMENT AT WEST SUPERIOR

HELD ON WEDNESDAY AND THURSDAY THIS WEEK.

Indications That the Attendance on Account of the Distance Will be Very Small—The Ladies of the Auxiliary Will Make an Attempt for Recognition.

West Superior, Wis., June 18.—Indications are that Southern Wisconsin will not be largely represented at the meeting of the 24th annual encampment of the Department of Wisconsin, Grand Army of the Republic, which will be held in West Superior on Wednesday and Thursday of the present week.

What is true of the G. A. R. is also true of the Woman's Relief Corps and the Sons of Veterans, which hold their annual state meetings at the same time. The distance to West Superior is too much for many of the veterans who have made it a custom to attend the annual meetings of the old soldiers. The G. A. R. train started from Milwaukee at 9:40 a. m. today on the Northwestern road.

Ladies of the G. A. R.

The meeting is likely to be an interesting one owing to the pressure that is to be brought to bear to induce the Wisconsin department to recognize the ladies of the G. A. R. The Woman's Relief Corps is the senior organization, and for this reason the Wisconsin department, not believing it for the benefit of the work that there should be two auxiliary organizations, has withheld its recognition from the Ladies of the G. A. R.

It is understood at the West Superior meeting delegations from the latter organization will be present from Michigan, Minnesota and Iowa in addition to those from this state for the purpose of inducing the department to recognize the organization.

CHARGES HIM WITH HYPNOTIC POWER

Father of an Indian Ford Girl Has a Man Arrested in Chicago for Abduction.

Chicago, June 18.—Ethel Heath, 14 years old, asserted in Justice Callahan's court Saturday that she was hypnotized in Indian Ford, Rock County, Wis., by Charles LaClair, who was under arrest on a charge of abducting her.

Miss Heath attended the country school in Indian Ford up to last February and during a social gathering there she met LaClair, who instantly fell in love with her.

According to the girl's testimony, when all LaClair's efforts to win her proved futile he tried his hypnotic power as a last resource, and in this he was successful.

The pair left Milwaukee last March and located in South Chicago. Up to a week ago Ethel claims she lived under the powerful influence of the young man, when unexpectedly the spell was broken and she was free. She immediately wrote to her parents and begged them to come and take her home.

W. F. Heath, her father, arrived on Sunday night and had LaClair arrested, charging him with abduction. LaClair admitted his guilt after the girl had testified. He was committed to the Criminal court to await the action of the grand jury under bonds of \$3,000.

AMERICAN PACKERS ARE BUSY

Flood Germany with Meat Before New Law Takes Effect.

Berlin, June 18.—It is learned that the bundersrath is now at work framing the provisions for the enforcement of the meat inspection law. It will take considerable time to complete the task, and as the bundersrath expects soon to adjourn it is believed that the whole matter will rest until the body meets again in September.

Recent statistics of imports show that a largely increased quantity of meat being brought into the country from which it would appear that American packers are shipping in large consignments in anticipation of the more stringent regulations.

Prince Kanin of Japan will be received in Berlin with particular attention. It is generally believed that he comes charged with some diplomatic mission or other. The emperor will receive him at Kiel.

His majesty signed the naval bill at Hamburg yesterday.

The city of Lubek is richly decorated in honor of the opening of the Elbe-Travel canal today. The emperor will be present, going by boat to Lubek.

Bishop Couppi, apostolic officer of the German possessions in the South Seas and Oceania, had a long interview with Count von Bulow, the foreign minister, yesterday, and it is believed that all German Micronesia will be placed under his episcopal charge.

RUN OVER BY FREIGHT TRAIN

Thos. Dunn, Brakeman on the Northwestern Road is Killed.

Thomas Dunn, a C. & N. W. R. R. brakeman residing in Fond du Lac, Wis., and running out of this city was killed at Appleton Saturday afternoon by being run over by a freight train. Dunn was engaged in coupling the air hose while the train was in motion. He lost

his footing and fell, the train passing over his body at the hips. The accident happened at 5:30 o'clock and he lived until 8:30.

GAME WARDEN FISHER'S HAUL

Fishermen in Set Lines in Town of Magnolia Under Arrest.

Deputy State Game Warden Fisher of the town of Center, made a big haul of illegal fishermen on Sugar river in the town of Magnolia Thursday. Six men were charged with maintaining set lines in the stream contrary to law. Deputy Fisher captured the entire lot. They will come up for examination Tuesday before the justice of the peace in Brodhead.

ENGINE NO. 538 IS WRECKED

Serious Accident Caused by Spreading of the Tracks.

Spreading of the tracks in the C. & N. W. and pit north of the city Saturday afternoon was the cause of an accident to engine No. 538, which took the wrecking crew from this city until evening to put in order. The pilot and front end of the engine were badly smashed by driving into the sand pit.

GOOD OUTLOOK FOR DELAVAN ASSEMBLY

Program is a Strong One and Promises to Draw a Large Crowd on August 1 to 12.

Delavan, Wis., June 18.—The Delavan Lake assembly will be held Aug. 1 to 12, inclusive. The program is a strong one and all indications point to a very successful meeting. The grounds are attractive, the surroundings pleasant. Sam Jones, the famous southern evangelist will open the assembly on Aug. 1. A new road is being constructed across the outlet of Delavan lake which materially shortens the distance for those who attend the assembly from the north, west and east.

The speakers engaged for the assembly in addition to Sam Jones include Dr. Hillis and the Rev. Robert McIntyre, Dr. A. A. Willis, the Rev. S. Parkes Cadman, D. D., W. Hinton White, Mrs. Mate H. Tapping, Dr. Thomas H. Dinsmore, Prof. A. M. Newens, the Rev. J. A. Warden, Prof. S. W. Mountz, Miss Orma Mae Noonan and others. Entertainments will be given daily by bands and other musical organizations. An effort will be made to have Senator Spooner, W. J. Bryan and Gov. Roosevelt all here on the same day.

HARD AT WORK ON MORGAN FARM

Operations Toward Building and Road Making Are Now Under Way—Buying Young Stock.

Beloit, Wis., June 18.—Morgan farm is now assured to Wisconsin. The purchase has been concluded of 840 acres of as fine land as can be found. Operations towards building and road making are now under way, and a rock crusher, sixteen horse power engine, two self-dump stone wagons, road grader, wheel scrapers and a twelve ton Kelly steam road roller have been purchased.

It will take about two years to complete the roads upon the farm, after which it is hoped to join hands with the city of Beloit, or adjoining township, and make for them modern roads and streets. "We have employed for a term of years," says C. H. Everett, the manager, "an experienced engineer and road builder, a man who has for years been laying granite roads with modern machinery. Our roads and buildings will be made of crushed gravel, this to be screened and sized for road making, for building to be mixed with Portland cement."

"We shall soon have a force of forty to fifty men at work. The St. Paul railroad have given us the side track asked for. We are picking up well bred sound young mares of road horse type, and Percherons, and recently placed an order with Prof. J. A. Craig of Iowa Agricultural college for an importation of Shropshires."

LAST DAYS AT BELOIT

Week of Commencement Was Begun Yesterday—Prize Declamations Today—Week's Program

Beloit, Wis., June 18.—The fifty-third annual commencement exercises of Beloit college begun yesterday morning with a sermon by the Rev. James Beveridge Lee of Milwaukee. At 4:30 o'clock in the afternoon President Eaton gave the baccalaureate sermon. The prize declamations came off today. Tuesday is Alumni day, and the day for the Rice, extempore speaking and class day exercises. The graduating exercises are on Wednesday.

Circuit Court Notes

In the circuit court Judge Dunwiddie ordered that the \$700 allowed the Arquette estate for property condemned for a right of way by Janesville and South-eastern railway be turned over to Mrs. Hanna Arquette.

In case of J. F. O'Brien vs. James Anderson, being an action brought to quiet title, the judge ordered that judgment be entered in favor of the plaintiff as asked for in his complaint.

Motion for new trial in Jones vs. Village of Clinton was overruled.

Mrs. Holt, mother of the Misses Holt, teachers in the Janesville High school, left today for two weeks' visit with relatives in Waverly, Ia.

PEKING IN THE HANDS OF MOBS

Fire and Smoke From the Burning City Seen by Seymour's Men.

KETTELER IS "SLICED"

United States Troops and Warships Ordered From Manila to China at Once.

RELIEF COLUMN IS ISOLATED

Shanghai, June 18.—[Special Cablegram]—The Japanese torpedo boat at Chi Fu reports that the Peking legations "have been taken."

Foras at Taku Surrendered. Washington, June 18.—[Special Telegram]—A dispatch from Admiral Kempf at Taku confirms the Shanghai report that the forts at Taku opened fire on the foreign warships and afterward surrendered.

Communication with Peking.

New York, June 18.—[Special Telegram]—The Anglo-American Telegraph company has been advised by the Great Northern company to accept messages for the "Far East" without restriction, meaning that communications with Peking and Tien Tsin have been restored.

American Troops Ordered to China.

Manila, June 18. 10 a. m.—The 9th regiment has been ordered to Manila, whence it will proceed to China.

Manila, June 17.—The gunboat Concord, with marines aboard, has sailed under sealed orders, supposedly for China. The British cruiser Buena Ventura has sailed for Hongkong with troops and stores for Hongkong and Tientsin.

Russian Reports of Attacks.

A short telegram in the Russian press from Kalgan, north of the Chinese wall, reports agitation and attacks upon the missionaries, who are in serious danger and without protection.

It also states that the foreigners in Peking are besieged.

Fighting At Tien Tsin.

Telegraphic communication with the north ceased early yesterday morning. The last message from Tien Tsin said that fighting had begun, but gave no details.

Messages from the north are now forwarded by steamer from Chefoo. The Boxer movement is gaining in strength, and after the impunity with which the recent outrages were committed it is likely to spread rapidly.

Admiral Seymour in Danger.

Telegrams received on Friday by Consuls from the fleet at Taku describe the position of the force under Admiral Seymour close to Peking as serious, since they are confronted by General Tsinhsiang's troops, with large bodies of Boxers in their rear. Water is scarce and the commissariat is lacking.

Japan and Russia Busy

The reports of the extent of the Russian and Japanese movements of troops and war ships are also conflicting.

Russia is said to be sending from 1,000 to 10,000 men, and Japan from 1,000 to 3,000. Nevertheless there is good reason to believe that both governments are making ample preparations to protect their own interests, as are England, Germany and the United States.

Foreign Army of Thirty Thousand

It is estimated that when the full strength of the contingents lands at Taku there will be a foreign army of 30,000, and with guns and warships also proceeding to Taku from every direction it is expected there will be a total fleet of fifty in Chinese waters before the troubles are settled.

Catholic Missionaries Murdered

London, June 18.—[Special Cablegram]—The bishop of Shanghai sends word that twenty-eight Catholic missionaries are missing and are believed to have been murdered.

Ninth Infantry Goes to China.

Washington, June 18.—[Special Telegram]—The navy department received a cablegram from Admiral Remy at Cavite, dated June 18, that the Taku forts who fired on the foreign gun vessels, surrendered to allied forces on the morning of the 17th.

The department instructed Admiral Kempf to confer with the other powers in taking all steps necessary to protect American interests.

The report that the military forces will be sent from Manila to Taku, is confirmed by a cablegram from MacArthur who says the Ninth Infantry, Col. Lisum has been ordered to Taku on the Logan and the transport Alber. The troops will leave on the 24th as a typhoon is delaying the movement. Tausig, the commander of the York.

MR. W. F. HURSEY, the tuning teacher at the State School for Blind, is prepared to do a limited amount of tuning and repairing in the city. He is a first-class workman. Leave orders by telephone.

H. E. BLISS Street

FROM PULPIT TO SING SING.

Ruberti, Educated for the Priesthood, Took to Swindling His Countrymen.
New York, June 18.—Alessandro Ruberti of 233 James street, Weehawken, convicted of swindling, will be sentenced in Part III. General Sessions, next week. With his departure for Sing Sing the Italian colony will breathe more freely. For years he is said to have made a living by swindling his countrymen. His method of operation was unique and daring. Born of a noble Tuscan family and educated for the priesthood, he eloped on the eve of his ordination with a pretty village girl and sailed for America, where he has since employed his talents in living by his wits. There are a hundred complaints against him, and the case on which he was convicted is a good sample of his methods.

Ciro Spina, a baker, at 249 East One Hundred and Ninth street, was visited by Ruberti, who served an execution for debt on him, levied on 46 barrels of flour and under the guise of legal warrant took \$51 from his cash drawer. The execution was issued by Civil Justice Roesch of Second avenue and Third street. Spina called on the justice and assured him that he had never seen Ruberti in his life until he reached his place and served the execution. He claimed further that he did not owe a dollar to any man. The justice concluded that the service and summons presented to him by Ruberti were forged. Detective Petrosina was assigned to the case. He unearthed Ruberti's record and arrested him. The police say that by the same method Ruberti secured \$300 from Phil Milona, \$700 from Joseph Ira and \$80 from Orsino Reni.

MOTHER AND SON REUNITED.

Parted by the Father's Deceit, They Meet After Thirty Years.

Denver, Colo., June 18.—Mrs. George Moore has left with her second husband to spend her declining days in the home of her long-lost son, William Nesbitt of East Grand Forks, Mich. Nesbitt was born at Decatur, Ill., in 1868, and when 7 years old was taken away by his father under pretense of going to a picnic. He never returned, and all trace of the child was lost. The mother was told that the child was killed in a railway accident, while the boy as he grew up, heard that his mother died in childbirth. Neither believed these stories, and each kept up incessant inquiries for the other. Finally, the son says, a clairvoyant directed him to the right address in Denver. His father is a paralytic, now living in Neosho, with a family of eight children born by the woman with whom he eloped.

Can Fight as Well as Teach.

Rochester, June 18.—John Lapp is a delicate-looking young man who teaches the district school at Granger, just outside the town of Munday. No one ever suspected him of pugilistic ability until one day this week, when in the course of five minutes he convinced Frank Perry that he was a fit opponent for Sharkey. Lapp had punished two of Perry's children, and the latter, who is a well-built man of 35, objected. He started in to do so forcibly, but Lapp turned himself loose, gave Perry a good thrashing, and had him arrested for assault. Perry had a jury trial and was fined \$5.

Wife-Denier Is Slain.

New York, June 18.—Patrolman Irwin B. Cornelius of the Brooklyn force shot and killed Patrick Farley. Farley had been arrested by the officer and was trying to escape when he met his death wound. Just before daylight Farley, who is a pugilist, came home drunk and dragged his wife from bed, beat her unmercifully and threatened to kill her. She escaped to the street. Officers Cornelius, Murphy and McLaughlin attempted to capture Farley, and there was a desperate struggle in the house, which ended in victory for the officers.

Senator Platt Seriously Ill.

Philadelphia, Pa., June 18.—Senator Thomas C. Platt is in a serious condition and his friends are worried about him. The senator sustained a fracture of one of his ribs in his New York office by falling against a chair. While Platt's condition may not be regarded as critical, it is said his exertion to prevent his real condition from being known has weakened him perceptibly and thrown him into a temporary fever.

Postmaster of Indianapolis Dead.

Indianapolis, June 18.—James W. Hess, postmaster at Indianapolis, died at his home of consumption. He had been confined to his home several weeks. Mr. Hess had long been active in Indianapolis politics and was appointed postmaster by President McKinley in 1897. He once served as sheriff of this (Marion) county. He was at one time prominent in commercial affairs.

John H. Hoffecker Falls Dead.

Dover, Del., June 18.—Congressman John Henry Hoffecker, the state of Delaware's only representative in the lower branch of the national legislature and who is said to have been the only republican both factions of the party could agree upon for such position, dropped dead in Smyrna.

Wild Parsnips Poison Boys.

Joliet, Ill., June 18.—Six boys, ranging in age from 3 to 9 years, were made sick by eating wild parsnips. The boys thought they were sweet potatoes. Leo Ryan, aged 3, is dead. The others may recover.

Crocker Sails for Home.

Liverpool, June 18.—The Cunard line steamer Lucania, which has sailed from this port has on her passenger list the name of Richard Crocker.

Unions to Contest Tracts.

Vienna, June 18.—The third congress of Austrian trades unions which met in Vienna adopted resolutions declaring that the concentration of capital in trusts constitutes the most dangerous and arbitrary menace to the interests of workmen. The congress does not advocate an open fight with the trusts, because it recognizes that such a fight would be hopeless. It desires, however, to see the attack made indirectly through concerted endeavor to secure legislation extending to workmen the unrestricted rights to join trades unions.

Germans Rush to Hear Sousa.

Leipzig, June 18.—John Philip Sousa and his band have achieved an unequalled success in their four days' concerts in the Palmien Garten of Leipzig. The enthusiasm with which the American composer was greeted was not confined to the American colony, in the case of which it goes without saying. The series of concerts was a popular success, drawing audiences of as many as 10,000 persons, and won the good opinions of the musical critics besides.

McLean Gives Bryan \$25,000

New York, June 18.—According to a local paper, John R. McLean, who is in this city en route for Europe, has sent a personal check for \$25,000 to W. J. Bryan, to be used in the campaign. This check was sent, it is said, as an evidence of good will and to offset any bad effect of the misconstruction of his trip to Europe. The information about the big check, the paper says, is positive, coming only second-hand from Mr. McLean.

Guarding Against the Plague.

San Francisco, Cal., June 18.—All railroad and steamship companies have been notified by the federal authorities at Washington that Asiatics will not be allowed to leave California unless provided with a health certificate issued by the United States marine hospital officials here.

Dr. L. Bazet has sent in his resignation as a member of the state board of health to Gov. Gage. He states that he took this action as an expression of his disapproval of the message sent by Gov. Gage to Secretary Hay, in which the governor said the plague does not and has not existed in San Francisco.

A Woman's Eyes

Will tell her love, though every other feature be hidden under the oriental *Yashmak*. A woman's eyes are equally eloquent as to her health. She can teach her lips to laugh in spite of pain, but the eyes will never be partner in that deceit.

Deep hollows, dark circles, wrinkles at the corners, tell the story of pain and sleeplessness. Much of the nervousness, sleeplessness and suffering in general, endured by women, is caused by a diseased condition of the womanly organs. When that diseased condition is cured there are no more hollow, dark ringed eyes. Dr. Pierce's Favorite Prescription cures irregularity, inflammation, ulceration, and female weakness, stops enfeebling drains, strengthens the nervous system and gives to the mother health for her duties, and happiness in their performance.

"My niece was troubled with female weakness for about four years before I asked for your advice," writes Mr. J. W. McGeehan of 624 St. and Princeton Ave., Chicago, Ill. "You advised her to take Dr. Pierce's Favorite Prescription, which she did faithfully for nine months, and now we must acknowledge to you that she is a well woman. We cannot thank you enough for the cure. We have recommended your medicine to all our friends, and believe it to be a wonderful discovery."

Dr. Pierce's Medical Adviser, paper covers, sent free on receipt of 21 one-cent stamps to pay cost of mailing only. The cloth-bound volume for 3 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE REPUBLICAN TICKET

For Member of Congress, 1st District:

HENRY A. COOPER, of Racine.

Wisconsin Weather Forecast

Fair tonight and Tuesday.

THIS DAY IN HISTORY.

1776—The British evacuated Philadelphia.

1812—Congress declared war against Great Britain.

President Madison sent his war message to Congress June 1, and two days later the committee on foreign relations in the house of representatives reported a manifesto as a basis of the declaration of war for these reasons:

The impressment of American seamen by the commanders of British ships of war, the British doctrine and system of blockade, the orders in council, and, lastly, various depredations committed by British subjects on the commerce of the United States. The house adopted the measure, then the senate, and on June 18 the president signed the act declaring war.

1816—Battle of Waterloo.

1834—Bishop Matthew Simpson died in Philadelphia, Penn., aged 60.

1834—William Hurl, N. Y., a well known painter, died at Mount Vernon, N. Y., born 1822.

1837—John M. Francis, editor of the Troy Times and formerly United States minister to Greece, Portugal and Austria, died in Troy, N. Y., born 1822.

AN IMPORTANT RULING

An important point was passed upon when Judge William K. Townsend in the United States District court for the Southern district of New York handed down an opinion in the case of John H. Goetze & Co. vs. the United States in which he declared the treaty of Paris valid and that the status of the people of Porto Rico is that of inhabitants of a foreign country as regards the constitution of the United States and within the meaning of the tariff acts. Judge Townsend held that Porto Rico is a part of the United States so far as other countries are concerned, but so far as the constitution of this country is concerned is a foreign country and that the United States can govern it without subjecting it to the burden of national taxation and that the status of the inhabitants will remain unchanged until Congress shall determine it. The decision of Judge Townsend affirms the decision of the board of general appraisers assessing a duty of 35 cents a pound on 100 bales of leaf or filler tobacco.

The cotton acreage this year will be the largest on record, and will not fall far short of 26,000,000 acres. Cotton is worth the raising, these days, and the Southern planters are getting rich under the republican administration that thousands of them are now supporting.

Do not wait to be asked for a Fourth of July contribution, but give the money to any member of the finance committee. Janesville should have the biggest celebration in Southern Wisconsin this year, and "money makes the mare go."

Col. Bryan must be careful when he begins to retail in his fish stories. The Milwaukee Sentinel has a reporter "on the spot," and if Mr. Bryan "goes behind the returns" in the matter of weights, the world will soon know it.

All civic societies in the city are invited to take part in the Fourth of July morning parade, and it is to be hoped they will be well represented. Every float, every marcher and every feature counts.

Despite the fact that Della Fox is in the insane asylum, and Cissy Loftus has broken down, it is believed that there are still a few women left that can be induced to go on the stage.

However, Admiral Dewey was quick to realize that the people did not want him for president, and this fact has served to overcome, in a measure, the disfavor with which his candidacy was received.

A walk around town will lead to the discovery of hundreds of defective sidewalks. This question should be taken out of politics by the election of a permanent sidewalk inspector.

A man named Adam Orteiser is likely to be nominated for governor by the Illinois democrats. Such is life in the democratic party!

Philadelphia is now the "foremost city in the land." A republican president and vice president will be named there within the next few days.

The United States is selling the Cubans as much merchandise as all the other countries combined—a good showing, surely.

A man in Mitchell county, Kansas, has a beard six feet long. No wonder a cyclone recently swept that vicinity.

The need of a better police system, etc., in Janesville is as glaringly apparent as it ever was. Forward!

And it would now be fitting if W. J. B. caught a Wisconsin fish with the initials W. McK. on every scale.

Arkansas legislators evidently believe in "bird protection that protects," as

they recently passed a law that a woman who wears a stuffed bird on her hat is liable to a fine of from \$25 to \$50.

The best dressing the Chinamen could be given, would be a good thick coat of Japan.

It begins to look as if considerable China would be broken within the next few days.

It is now "the territory of Hawaii."

WHAT BADGER PAPERS SAY

Wall and Buckleyism

Milwaukee Sentinel—In any event the Hon. E. C. Wall will not take as active a part in the free silver campaign as he might under other circumstances.

Good Men in Plenty

Richland Republican-Observer—You hear it frequently said by Republicans "Well, which ever of the candidates is nominated no one certain to have a good man for governor." This is true. There never was a cleaner, better set of men aspiring to that office.

Democratic Harmony Shown

LaCrosse Republican and Leader—The object lesson of harmony presented by the democrats of Wisconsin last Tuesday, has a significance that is by no means local to this state. It is in reality a picture of the condition prevailing among democrats everywhere.

Democratic Truth and Fairness

Appleton Post—A fair example of the democratic regard for truth is the following clause contained in the platform of the party, adopted by the convention yesterday at Milwaukee: "We point to the gigantic postal frauds in Cuba as a fair example of Republican integrity!" This means not only that the Republicans approve of those frauds, and stand by the rascals which perpetrated them, but also that they rob the government whenever and wherever they have the opportunity. Such accusations will not anger nor even perturb Republicans in the slightest degree, but they ought to immeasurably disgust every Democrat who does not make a profession of peanut politics.

MOBS BURNING CITY OF PEKING

Reflection of the Fire and Smoke Can be Seen by Sermour.

London, June 18.—Shanghai advice: state that the relieving column under Admiral Seymour was at Lang-Tang, Friday awaiting re-enforcements.

Smoke and the reflection of the fire burning in Peking are visible from Lang-Tang.

The column cannot proceed until the Russians, who are now being landed, arrive with food and ammunition.

There is not a cabinet in Europe, apparently, that knows what has been transpiring in Peking for five days, or in Tien-Tsin for three days. Nor is there any that knows with what difficulties the small and inadequately equipped international column is contending between those cities.

The German foreign office, upon learning the report of the murder of Baron von Ketteler, the German minister at Peking, sent a telegraphic inquiry to St. Petersburg, to the Russian government, because of its wires to Manchuria being supposedly in a better position than the other governments' to obtain direct news. In reply the German foreign office was informed that nothing whatever was known on the subject, as communication with Peking was interrupted.

The report, spread world-wide from Shanghai, that the legations had been attacked, and that one minister, probably the German, had been murdered, has been traced to the Tao-Tai-Sheng, who for a few days, as the empress dowager's agent, has been censoring telegrams from Shanghai. The Shanghai correspondent of the Daily Express says: "Sheng, as head of the telegraph administration, pretended that the line connecting Shanghai with Peking had been down since June 9, and that the wires to Tien-Tsin were cut on June 15. Nevertheless, it is notorious that constant communications have been passing from Shanghai to Peking over the northern and western routes, although Sheng has refused both ministers and consuls the privilege of using the lines. It is known that last Friday Sheng received a message from either Peking or Tien-Tsin. This dispatch said that Gen. Tung Fuh Siang's troops aided the Boxers in an organized attack on the foreign legations, and that in the course of the attack some of the legation buildings were reduced to ruins, and one foreign minister sliced to pieces."

Why in the cables it should have been added that the murdered minister was Baron Von Ketteler is not explained.

According to another telegram from Shanghai, dated June 17, at 7:25 p. m., Sheng has died, fearing that the foreign authorities were about to arrest him because of his stoppage of telegrams.

A third telegram asserts that the reports of the murder of the German minister emanating from London are quite unconfirmed and are discredited.

Was German Minister Sliced?

London, June 18.—The Express received a telegram from Shanghai saying that Gen. Tung Fuh Siang's troops aided the Boxers in an organized attack on the legations at Peking, which resulted in the reduction of some of the legation buildings and the slicing to pieces of the German minister. The correspondent admits the slicing story may be an exaggeration, and says, while the nationality of the murdered minister is unknown, he is believed to be Baron von Ketteler, the German minister.

MESSAGE FROM THE DEEP.

Perishing Sailor's Last Thought Was a Prayer for His Wife.

Port Townsend, Wash., June 18.—Mrs. M. T. Patterson, wife of the chief officer of the ill-fated steamship Pelican, which sailed from this port Oct. 12, 1897, with a cargo of railroad ties for the Siberian railroad, has received the following message, picked up Feb. 8, 1900, by Augustus Wyman on Ukomp Island. The message was forwarded to this city by M. P. Wright, the Alaska Commercial company's agent at Kodiak:

"Latitude 50 Degrees North, Longitude 175 Degrees West, Oct. 24, 1897.—To Whom It May Concern: Steamship Pelican is about to sink. We are leaving in frail boats. We realize our fate. God bless my darling wife.

"M. T. PATTERSON, Chief Officer."

"Port Townsend, Wash., is my home."

This is the second message from Mate Patterson received by Mrs. Patterson. The first message was not dated. According to the date on the above message the Pelican met her fate 12 days after leaving this port, and shipping men say it is strange that no wreckage from the Pelican has ever been found.

EDGERTON BANK DEPOSITORS GLAD

RECEIVER WILL PAY ANOTHER
TWENTY PER CENT.

M. G. Jeffris Pays Over to Receiver
Towns Today \$54,000, Being the
Balance Needed to Cover Liability
of Directors and Stockholders of the
the Defunct Bank.

M. G. Jeffris of the law firm of Fethers, Jeffris & Mount left for Edgerton this morning to pay over to L. H. Towne, receiver of the defunct Bank of Edgerton, the sum of \$54,000, being the amount fixed by the court to cover the liabilities of the directors and stockholders of the bank to the depositors.

This is one of the final scenes in one of the worst bank failures that has taken place in this section of the country in many years, and after a litigation extending over a period of several years it now looks as if a final settlement was in sight.

L. H. Towne, the receiver, will pay a 20 per cent dividend on the claims of the depositors June 20, making in all 50 per cent, the receiver having already paid dividends amounting to 30 per cent.

MANY FROM HERE TO VISIT MADISON

UNIVERSITY EXERCISES TAKE
PLACE THIS WEEK.

Relatives and Friends of Those Who
Graduate From Here Will be in
Attendance—Program is a Most Inter-
esting One—Exercises Will Con-
clude on Thursday.

This city will be well represented this week at Madison. The annual commencement exercises at the University of Wisconsin will be the means of attracting a good sized delegation from the Bower City. In attendance will be friends and relatives of the young men and women who graduate from this city. The exercises commenced today and will conclude on Thursday of this week.

Those from Janesville who will graduate with this year's class are as follows:

Misses:
Susan Lowell, Anna Valentine,
Martha Jackson, Maria McClellan,
Mesars:
Edwin Williamson, Francis McNamara,
Bernard Palmer.

The graduating class will number about 800. Today the faculty departments reported to the deans of the students who have completed the required work and who are entitled to sheepskins. A full list of graduates will be ready Tuesday.

The graduating exercises opened with a baccalaureate address by Bishop Samuel Fellows in Armory hall yesterday afternoon. The subject of the baccalaureate address was: "The Rights and Duties of Sceptics." The exercises began with an invocation prayer by the Rev. H. T. Colestock, pastor of the First Baptist church. De Vries, by Kotschmar, was sung. The remainder of the program was as follows:

Scripture lesson, the Rev. J. M. Naughtin, pastor of St. Raphael's Catholic church; prayer, the Rev. B. B. Bigler, pastor of Christ Presbyterian church; hymn, "Lord of All Being, Throned afar," choral and audience; baccalaureate address, Bishop Fellows; hymn, "My Country, 'Tis of Thee;" choir and audience; benediction, the Rev. F. W. Gilmore, pastor of Unitarian church.

The program for the remainder of the week follows:

Monday, June 18—8 p. m., Library hall, address before the College of Law, Hon. David J. Brewer, associate justice of the Supreme court of the United States; 3 p. m., North hall, address before the School of Pharmacy, Albert E. Ebert.

Tuesday, June 19—Class day: 10:30 a. m., Upper campus, ivy exercises by the graduating class; 2:30 p. m., Library hall, class day exercises and presentation of class memorial; 8 p. m., Puller opera house, class play, presented by members of the graduating class; 11 p. m., Lower campus, pipe of peace ceremony.

The lecture will be free to all.

PLANS FOR FOURTH ARE BEING MADE

COMMITTEE BUSILY AT WORK
WITH THE ARRANGEMENTS.

Handsome Lithographed Advertising
Matter to be Used, and No Stone
Left Unturned—All Societies are
Invited to Take Part in the Morning
Parade.

Plans for Janesville's big Fourth of July celebration are now being perfected. The advertising committee is busily at work, and several thousand hand-some lithographs will soon be sent out. Two sizes of bill will be used, and the designs selected are fine specimens of color work.

An invitation was mailed today to every secret society, labor organization etc., in the city to take part in the parade in the morning, and it is hoped that a large number will respond. C. D. Child will have charge of this parade, and has appointed committees as follows:

Morning Parade Committee—C. D. Child, chairman; F. S. Winslow, P. J. Mount, Dr. James Hall, Thomas F. Murphy, Reus, E. G. Harlow.

Mr. Child has appointed C. K. Millmore and E. A. Hyde as assistant marshals.

The Circus Parade.

The circus parade committee is also hard at work. People who have anything that they think would add to this feature, are requested to notify either Charles B. Bostwick, Charles H. Gage, or Harry H. Bliss. It goes without saying, of course, that the arrangements for the circus parade must be made systematically, or otherwise, the confusion would be beyond measure. The committee would therefore fully appreciate promptness on the part of anyone who desires to help the project along.

All features in the circus parade must be listed with the committee, and the committee will furnish the signs, banners and other things in order that nothing questionable will be presented. This rule will not be broken for anyone. The famous Nonesuch Brothers have a reputation for a clean and elevating entertainment, and no such features as the one that marred last year's parade will be admitted under any circumstances.

All who desire to participate in the morning parade should notify chairman Child, of the parade committee as soon as possible.

Chairman Greenman of the music committee, has hired the Imperial, Y. M. C. A. and Porter bands, and the G. A. R. drum corps. Other musical organizations will also be secured if possible, but as nearly all the surrounding towns are also to celebrate, bands are hard to get.

The amusement committee has secured excellent vaudeville talent for the free street shows, and Chairman Sayles is busy arranging for the mask carnival in the evening.

Every citizen should lend aid, both financial and personal. Nearly every city village and hamlet in southern Wisconsin is celebrating this year, and Janesville should eclipse them all.

STATE GUARD GOES TO CAMP DOUGLAS

COMPANY I WILL ATTEND THE
ANNUAL ENCAMPMENT

Capt. Achterberg Reports That His
Command is Making Rapid Advance-
ment in Drill and Will Make a
Good Showing—Full Company is
Expected to Attend.

Captain Charles F. Achterberg of Company I, First regiment, yesterday received orders from the adjutant general to prepare his company for the annual encampment at the Wisconsin National Guard, at Camp Douglas August 4 to 10. The first regiment will also have in camp with them Troop A, cavalry.

Captain Achterberg reports the company making rapid advancement in drill and tactics, and expects them to be in first class shape by the time the encampment opens. He expects to take the full company of sixty-five men, no doubt their showing at the encampment maneuvers will be a credit not only to themselves but to this city.

Madison, Wis., June 18—Orders were issued by the adjutant general Saturday for the annual encampment of the Wisconsin National guard at Camp Douglas, the First regiment and Troop A, going on August 4. The second regiment and Battery A and Third regiment and Tenth battalion following on the succeeding weeks. The camp this year will be named Camp Hinder, in honor of the dead commander of the G. A. R.

La Crosse, Wis., June 18—The Second regiment Wisconsin cavalry will hold a reunion in Ogden school building, Chestnut and State street, Chicago, during the national encampment, which is held August 26 to 31. Cots will be provided for the comrades to sleep in the building. A janitor will be in charge and all baggage will be left there with safety.

WAS NOT HIS FIRST OFFENSE

Case of Youthful Depravity in the Hands
of Chief Hogan

Willie Kulton, a 10 year old boy, was arrested by Chief of Police Hogan Saturday for stealing a pocketbook containing a five dollar bill and two rings from the house of Mrs. Schrader. Chief Hogan succeeded in getting back the money but was unable to find the rings. It is thought that the boy threw them into the river. Such a case of youthful depravity is hard to deal with on account of the age of the boy. Chief Hogan says this is not the first offense of the young man.

THE PRINCIPLES OF

OSTEOPATHY

Are true and scientific, because it emphasizes the diagnosis of diseases by physical methods with a view to discovering, not the symptoms, but the cause of disease, in connection with misplacement of tissues, obstruction of the fluids and interference with the forces of the organism. It recognizes the necessity of first removing the cause in order to overcome the disease.

Many people pass judgment on Osteopathy and its principles without investigation, and assume that Osteopathy means that all diseases emanate from the bony structure of the body. This is untrue. Osteopathy embraces ALL bodily structures and its treatment is based on accurate knowledge of the anatomical structure and physiological function of every organ and tissue.

COM

ON A CONDOR EGG HUNT

A Variety Worth \$1,000 or More to Collectors.

ENGLISHMAN'S DIFFICULT MISSION

Herbert M. Beesley, Who is Collecting Birds' Eggs For a Rothschild, Will Make a Great Effort to Secure One of the California Condor—Facts About Collecting.

Herbert M. Beesley of Bournemouth, England, who has been engaged for two years in collecting birds' eggs for one of the younger Rothschilds in London, came up the coast from Mazatlan, Mexico, the other day. During the next few months he will be engaged in gathering eggs of a few species of raptorial birds, but he is not nowhere else than on the edges of deserts in Arizona and northern Mexico. Then he will make an extraordinary effort toward securing the egg of the California condor among the Sierras, says the Los Angeles correspondent of the New York Sun. There is no egg since the extinction of the great auk more highly prized by oologists than that of the California condor.

"I am not at all sanguine of success in that line," said he, "but I have been informed of a locality among the highest Sierras where hard and thorough exploration may possibly yield a California condor's egg if one is to be picked up nowadays. I believe the last egg of this variety was found in 1887 and was sold to the Ames collection of Boston for something like \$800. So the chance is worth taking. There are several oologists of my personal acquaintance who would not hesitate to pay \$1,000 or \$1,200 for an egg of a California or Sierra condor. I have known of even more than \$1,500 having been paid for such an egg. The egg of the great auk is beyond market value nowadays. There are only about 45 in the world, and the bird has long been extinct. In 1891 a French oologist sold a great auk egg for \$3,000.

"Why are the eggs of the California condor so valuable? Because the birds are almost extinct now and will be wholly extinct in less than ten years and also because there is no other bird that nests so far out of human reach. A great many people confound the common buzzard or turkey vulture of the Sierras with the monster condor. Though both belong to the same family, there is a wide difference between them. They are both vultures, but are best known by the common names now in general use. The turkey buzzards are as plentiful as sea gulls along the sea wall, and buzzard eggs are too common to excite comment, except when they are a little off color. There is as much difference between the eggs of these birds of the same species as there is between a chicken's egg and a robin's. The condor egg is almost twice as big as the buzzard's and totally unlike in appearance. It is 4 1/4 inches long and 2 1/4 inches in thickness and will hold nine fluid ounces of water. In color it is of a pale greenish blue and resembles no other egg in respect to size and color except that of the European swan. The buzzard's egg is not much bigger than a chicken's. It is of a deep creamy tint, blotched and smeared with red, brown, chocolate and not infrequently lavender spots.

"The condor lays one or a pair of eggs during a season, while the buzzard lays half a dozen or more. The buzzard is common to the whole United States, while the North American condor is peculiar to California. It is, in fact, the largest bird in the world. The turkey buzzard is puny in comparison. The California condor's spread of wing varies from 8 to 12 feet. Its length is nearly five feet and its weight from 20 to 25 pounds. It is a repulsive, uncanny bird with its bald head and bare neck of shaggy red skin and its enormous wrinkled, serpentine comb extending from its head below the fierce beak. In flight it soars higher than any other feathered creature and sails through the air with infinite ease and grace. In contrast the buzzard is heavy and clumsy. A distinguishing feature of the two birds in flight is the large white blotch under the wings of the condor, which is missing in the buzzard. Any place is good enough for the condor's nursery—that is, if it is far enough from man to be safe. The bird is usually so cunning in the selection of localities that even if one could discover its eggs he never could reach them. So far as known there are only nine condor eggs in the collection of the various scientific institutions of America. The last two were recently secured by the National Museum of Washington. By various professors at the eastern institutions the eggs were recently valued at \$1,000 apiece.

"A peculiar fact in collecting birds' eggs is the wide difference in value of eggs of the same family of birds. For instance, there is the great family of hawks. Some hawks' eggs are worth but a few cents each, and others find a ready sale at \$3, \$5 and \$7 each. It makes a \$100 bill look dilapidated to buy a complete set of even western hawks' eggs, while a full set of all known hawks' eggs costs upward of \$600. The eggs of a marsh hawk, a red backed hawk and a cooper hawk may be bought for 20 cents each, and the broad winged hawk's eggs will bring \$4 each the world over. The eggs of Swainson's hawk and the buff breasted hawk are worth \$1.50 each.

"There are a few private collections of birds' eggs that comprise 13,000 and 14,000 eggs. The passion for egg collecting is an expensive one, unless the man does his own collecting and then trades his duplicate with other egg collectors who have duplicates."

A Lake That Eats Boats.

A strange lake exists in the center of Sulphur island off New Zealand. It is 50 acres in extent, about 12 feet in depth and 15 feet above the level of the sea.

The most remarkable characteristic of this lake is that the water contains vast quantities of hydrochloric and sulphuric acids hissing and bubbling at a temperature of 110 degrees F.

The dark green colored water looks particularly uninviting. Dense clouds of sulphuric fumes constantly roll off this boiling cauldron, and care has to be exercised in approaching this lake to avoid the risk of suffocation. On the opposite side of the lake may be seen the tremendous blowholes, which, when in full blast, present an awe inspiring sight.

The roar of the steam as it rushes forth into the air is deafening, and often huge bowlders and stones are hurled out to a height of several hundred feet by the various internal forces of nature.

A boat can be launched on the lake, and if proper care be observed the very edges of the blowholes may be safely explored.

Some idea of the strength of the acid saturated water of this lake may be gathered from the fact that a boat almost dropped to pieces after all the passengers had been landed, as the rivets had corroded under the influence of the acids.

Mr. Allafarro Tallafarro.

"I suppose," said a government clerk to the man across the table, "that you have heard of the Virginia family of Derby which spells its name D-e-r-b-y, as well as the Chumleys of England, but I came across one the other day that I'll bet a hat you never heard of. The subject of the sketch was a Virginian or claimed that he was, and he was so youthful and sophisticated that I guess he was telling the truth. Children and fools, you know, have a weakness in that regard."

"I met the young fellow on a train between Richmond and Petersburg, and we struck up quite an acquaintance. He told me his name was Tallafarro—Oliver Tallafarro—and I very naturally asked him if he spelled his name as did the famous F. V. Tallafarro, and he said he did and seemed to be proud of it. I was rather proud to be friendly with one of the name myself and made myself extra agreeable.

"When he left me at a way station and bade me goodbye, he tendered me his card and told me he hoped I would not forget him. I didn't look at the card till he had gone, and would you believe it, the young fellow had his name spelled to match, as it were, and it appeared thus, 'Mr. Allafarro Tallafarro' which, in my humble opinion, was getting Oliver Tallafarro down pretty fine. Don't you think so too?"—Washington Star.

New Tree for Each Child Born.

In many countries the custom of planting trees to mark special events is well known, and in Japan the birth of a child is thus commemorated. The sapling is carefully tended until it is fully grown, and when the child is grown up and about to be married it is cut down and made into furniture for the home of the young couple.

Children Held Sacred in Japan.

From one end of Japan to the other a child is treated as a sacred thing, be it one's own or a stranger's. Each one carries its name and address on a ticket round its neck, but should it indeed stray from home food and shelter and kindness would meet it anywhere.

Vampires Not Bloodsuckers.

Mr. James Rhen, who is engaged in a special study of bats, says that it is a fallacy that the vampire is a blood-sucker. Travelers and story writers are responsible for the story of the terrible bloodsucking vampire bats of South America. Nearly all general writers on this subject agree with them as to its criminal record, and they all concur in laying the blame on a large grotesque looking bat with an enormous leaf nose. The Vampyrus spectrum. This bat is common in South and Central America and, from his great size, being about two feet across the outspread wings, is a suggestive and repulsive enough object to impute the blood loving habit to.

As a matter of fact, this is a somewhat useful animal and is totally innocent of these charges, the bloodsuckers being two much smaller and rarer bats. The front teeth of these two latter are enormous lancets occupying over half the tooth row of the animals and possessing very sharp edges, which can easily penetrate the human skin. The teeth of the big vampire, on the other hand, are simply adapted for a diet of insects and fruit. The true bloodsucking bats are much rarer than the vampire.—Philadelphia Record.

BLOOD POISON.

In some cases the external signs of Contagious Blood Poison are so slight that the victim is firmly within the grasp of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored spots, and falling hair and eyebrows leave no room for doubt, as these are all unmistakable signs of Contagious Blood Poison.

Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial rheumatism and the most offensive sores and ulcers, causing the joints to stiffen and finger nails to drop off. Mercury and potash make wrecks, not cures, and those who have been dosed with these drugs are never after free from aches and pain.

S. S. S. acts in an entirely different manner, being a purely vegetable remedy; it forces the poison out of the system, and instead of tearing down, builds up and invigorates the general health. S. S. S. is the only antidote for this specific virus, and therefore the only cure for Contagious Blood Poison. No matter in what stage or how hopeless the case may appear, even though pronounced incurable by the doctors, S. S. S. can be relied upon to make a rapid, permanent cure. S. S. S. is not a new, untried remedy; an experience of nearly fifty years has proven it a sure and unfailing cure for this disease. It is the only purely vegetable blood medicine known.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it was easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large, red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was soon entirely well, and my skin as clear as a piece of glass."

Send for our Home Treatment Book, which contains valuable information about this disease, with complete directions for self treatment. Our medical department is in charge of physicians who have made a life-time study of blood diseases. Don't hesitate to write for any information or advice wanted. We make no charge whatever for this. Second and Last Auction Sale of Forest Park Lots!

Thursday, June 21, at 2:00 P. M.

FREE TICKETS

from Grand Hotel, People's Drug Store and Myers House to the Eastern end of the Forest Park line and return will be given to all who desire to visit Forest Park, from Saturday noon, June 16th, to 4:00 p. m., Thursday, June 21st.

At our May 19 Auction Sale we disposed of twenty-nine lots at very low prices. Some of the buyers have since been offered an advance over the price they paid. Among the buyers were J. M. Bostwick, James Fathers, City Treasurer; W. J. McIntyre, late County Clerk; and Judge Fifield, of the Municipal Court; James McKewan and W. W. Watt. These men know what real estate in the Third Ward is worth and they bought as a speculation. We have twenty-four beautiful lots left and will close them out at auction on Thursday, June 21, at 2 o'clock P. M. They are described as follows, to-wit:

Lot 11, Block 1, Jefferson ave., is a very fine lot facing the east and is the third lot north of Norcross street.

Lot 6, Block 3, is on the east side of the boulevard, just north of and adjoining Mr. Witherell's fine residence.

Lot 4, Block 6, has the least value of any lot named in this list; it fronts Garfield ave., and is north of the Holdredge property; it is however, a very pretty lot.

Lots 2, 3 and 4, Block 5, front west on Garfield ave., and are very fine lots; very near to the city. Across the ravine and east of Arthur Harris' elegant home.

Lots 1, 2, 3, 4 and 5, Block 10, are beautiful lots, 8 rods front; 10 to 12 rods deep, plenty of good oak trees; near the street car line and facing east on the boulevard.

Lots 1, 2, 3, 6, 7 and 8, sub-div. Block 2, are in the southerly part of the Park—three of them face Bostwick ave., and Grace Court and the other three face South on Racine street.

Lots 2, 3, 4, 5 and 6, sub-div. Block 1, are between Bostwick ave. on the east and the Blvd. on the west. They are 80 ft. wide, except lot 6, which is 4 rods wide on the Boulevard. They are from 165 ft. to 180 ft. long and have a front on Bostwick ave. of from 53 1/2 ft. to 66 ft. 3 inches on Bostwick ave., with plenty of good trees.

Two of these lots would make a real homestead, away from the noise and dust of the railroads and shops—a splendid place for children.

Lots 11 and 12 on Block 11, are south of Alderman Gilkey's homestead, and east of Wallace Carrier's fine lots. They are on the corner of Wells St. & Garfield ave.

These lots will be sold at the buyers' price, and will prove an excellent investment.

Each lot for sale has a red tag, giving number of lot.
Every Lot will be sold to the highest bidder and there will be no "by bidding" whatever. There will never again be such an opportunity to procure first-class lots at such low prices.

TERMS: 5 per cent. discount for cash; or, 2-5 cash and 2-5 of purchase price in one year with interest at 6 per cent., and the remaining 1-5 in two years at 6 per cent. interest. Notes secured by mortgage.
